

EXPLANATION AND TERMS OF AGREEMENT REGARDING BYOD AT ROLESVILLE MIDDLE SCHOOL

The purpose of this document is to inform parents, guardians and students of the rules governing the use of personally owned computing/network devices while on or near school property, in school vehicles and at school sponsored activities, as well as the district's technology resources via remote access. As new technologies continue to change the world in which we live, they also provide many new and positive educational benefits for classroom instruction. To encourage these benefits, ROLESVILLE Middle School is allowing you to bring your own device (BYOD).

RMS Vision: RMS believes BYOD should be used to support learning, enhance instruction, and provide the best possible outcome for student achievement.

RMS Overview RMS defines "devices" as privately owned wireless and portable electronic devices that can be used for wireless Internet access, word processing, image/video capturing, sound recording, and information transmitting. Students unable to bring own devices to school will be provided access to technology available at ROLESVILLE Middle School.

Security and Damages: ROLESVILLE Middle School principals, teachers and/or staff are not liable for any device that is stolen or damaged. Responsibility to keep the device secure rests with the individual owner. We recommend using skins (decals) and protective cases for an easy identification, differentiation, and protection of personal devices. Participation in the BYOD program requires parents and students to review, sign, and return the BYOD contract found on the next page. www.wcpss.net
